

Dear NAMI Family member,

Virginia Governor Ralph Northam declared a state of emergency on March 12 due to the Coronavirus. Connecting with families and individuals living with mental illness is the foundation of our work at NAMI Prince William. However, the safety of our volunteers and participants outweighs the need to offer our support groups and educational programs. We will alert everyone once they resume. In the meantime, our helpline (703-659-9983) will remain available and we are happy to connect over the phone or via email ([info@nami-pw.org](mailto:info@nami-pw.org)). There is also a “contact us” link on our website, [www.nami-pw.org](http://www.nami-pw.org).
